LAMINATE OAK WHITE

PRODUCT DESCRIPTION

Laminate oak white

Unit 1 m² - please adjust the number of items correspondingly to suit your stand area!

In order to level out possible unevenness in the floor of the exhibition halls, we also additionally recommend at least 20 mm high platform flooring.

Should water connections be planned for your stand, 100 mm platform flooring is essential so that the cabling can be laid underneath it.

Note: The offer is subject to availability. After being ordered the item cannot be cancelled!
